AUTO THIEF PLEADS GUILTY	Bid	Asked
--------------------------	-----	-------

Robert Morrison, accused of stealing an automobile from Gardnerville a short time ago, yesterday pleaded guilty to the offense and sentence will be pronounced on Friday. Judge Virgin of Genoa represented the defendant. The case of "Red" Fox, who was with Morrison at the time the auto was stolen, will come up on Friday at 10 o'clock.

## ANOTHER NORMAL SCHOOL

Another normal school has been added to the schools of the state. This one was established at Elko last Monday, and makes three that have so far been established in the state, the other two being located at Carson City and Panaca. Miss E. B. Brown of San Francisco, an experienced normal school teacher, has been engaged to teach in the one established at Elko.

## INSANITY SUSPECT

Charlie McKinley of Goodsprings is being held in the county jail for observation as to his sanity. He has been laboring under various delusions, fearing that a posse is after him, thinking he is an officer of the law, fearing that he may fall into the Colorado river, etc. He has made threats against several people of Goodsprings.—Las Vegas Age.

## ESCAPES FROM SCHOOL

Lane George, a young Indian brave who escaped from the Indian school at Carson City, was captured yesterday in the northern part of the state by Dick Bender and turned over to the police for safe keeping between trains yesterday. Last evening Bender left with his young charge for the state capital. The young fugitive is 17 years of age and escaped from the school several days ago.—Reno Journal.

## STRONG INFELD FOR THE WORLD SERIES

(By Associated Press.)

NEW YORK, Oct. 7.—In the coming world's series between the Philadelphia Nationals and the Boston Americans both teams will be well provided with infield material. All told there are no less than thirteen players who may be called upon to take defensive positions around the base paths. The Red Sox have seven experienced infielders of unusual ability both at the bat and on the diamond. The Phillies, while well equipped with regulars, are not as strong numerically or in general average as their rivals when the infield squads are considered as a whole.

This apparent advantage possessed by the American leaguers will not count heavily against the Phillies, provided the two teams are able to go through the series without the necessity of changes due to accidents or illness. Should emergencies arise, however, where it becomes imperative to call upon the reserve forces of the infield, then the resources of the Boston club would be a factor worthy of much consideration in endeavoring to forecast the outcome of the play. During the most important portion of the race for the American league pennant, the Boston infield lineup was, as a rule, as follows: Hobbilizer, first base; Barry, second base; Gardner, third base; Scott, shortstop. Gardner was frequently used to hold down the initial bag, however, while Wagner filled in at second and Janvrin took Scott's place at short. In addition Barry is familiar with the duties

of both short and third; Janvrin can hold down third and Scott is not unfamiliar with the duties at second and third.

Opposed to the versatile and interchangeable infield, the Phillies have Loderus at first; Niehoff at second; Stock on third and Bancroft for shortstop. Byrne is an infielder of calibre and with Bugey, forms the reserve corps for the first line of the Morant's defense. Byrne has played in a number of games during the past season, showing fair strength at bat and on the field. Duguey, who is the youngest member of the Phillies' clan, has figured almost entirely this year as a pinch hitter and is not likely to be called upon to play unless an unusual emergency arises.

Notwithstanding the apparent superiority in numbers and veteran material of the Red Sox, the playing averages of the two squads fail to show any great advantage one way or the other. The seven Boston infielders have a combined batting average of .253 against the Phillies' .254 while the fielding averages are even closer, the figures being: Philadelphia, .955; Boston .953. When the eight players who will probably form the two infields in the opening game are compared the difference in the averages is greater but the advantage about equally divided. Loderus, Niehoff, Stock and Bancroft have a combined fielding average of .954 and a batting average of .265; the Boston quartette, consisting of Hobbilizer, Barry, Gardner and Scott, show a grand average of .952 in the field and .254 at bat.

## VISITING BELMONT TO VIEW ORE TREATMENT

A. H. Jones, superintendent of the Tonopah Belmont Development company's Tonopah mill, and Mr. and Mrs. J. J. Denny left this morning for Belmont to inspect the reduction plant of the Belmont-Belmont company. Mr. Denny is chief metallurgist for the Nipissing company at Cobalt. He has been in the camp for several days, looking over the ore reduction situation and conditions here, as well as the manner in which they are met. Before returning to Canada he may express his appreciation and criticism of the Tonopah system of ore treatment.

## SINKING OF BONANZA SHAFT IS RESUMED

## STATION COMPLETED AND PUMP WILL BE INSTALLED IN A FEW DAYS

The Tonopah Bonanza Mining company last night resumed sinking the shaft, after having been busied for some days cutting out a station which was completed yesterday. The sinking pump is working from the station, but in a few days the station pump, now on the road, will be installed there.

While water is giving some inconvenience, the flow is all above the present working and it appears that there will now be comparatively dry digging. The bottom of the shaft is in matrix trachyte, carrying small silver and gold values; the formation being very highly silicified.

## BETTER DRILLING IN THE UMATILLA MINE

The drill hole in the Umatilla shaft has reached a depth of 441 feet, or 1641 feet below the surface. The formation is tightening up after passing through the heavy fault and more rapid progress is expected in the future, the hole having hitherto been constricted, which was a tedious proceeding.

## PLAY BALL!

The Tonopah club will take full returns by direct wire of the world's championship baseball series, bulletins coming in after every half inning.—AdvO5td.

## MONTANA LEASERS TO MAKE GOOD SHIPMENTS

During the past week only three shipments were made from the tributary ground of the Montana Mining company, but nearly all the leasers are getting good accumulations of ore and between now and next Tuesday there will be heavy withdrawals from the mine.

## SUIT AGAINST NEVADA INDUSTRIAL COMMISSION

Suit has been filed in the district court by Mabelle Clarice Hayes against the Nevada Industrial commission, and states that on October 27th Howard A. Hayes met his death in the Nevada Hills mines and that the claim of the plaintiff was rejected for the reason that sufficient evidence had not been furnished to show that the claimant was the wife of the deceased.—Carson News.

## ARRESTED AGAIN

C. S. Crosby was again discovered with more fish than the game law permits any one individual to have in his possession at one time and was placed under arrest by the game warden and his assistants at Wadsworth. He had 21 boxes of trout in his possession at the time of his arrest and at the previous arrest he had over 800 pounds of fish, according to the Reno Gazette.

## RAILROAD OFFICIALS HERE

or reef, from the Carrara Gold, on the Victoria-Greenwood, Wilfred Callicott has opened up ore in about a dozen places. Three or four of these prospect openings show ore that pans better than \$25 to the ton, but this, like the rest of the reef, is essentially low grade.

"James Haley is spending some money on his Comet. This property is in the wash, but by following out the line of the reef and sinking, he now has \$6 values in the bottom of the shaft.

"At Rhyolite, the Sunset mill is steadily pounding out bullion, and the leasers on the Shoshone, Milo Lazarovitch is now in Tonopah with a carload of \$100 rock for treatment. A. J. MacPherson has just hauled a 7-foot Lane mill out to Chloride chert, which should give another payroll to help out Rhyolite. The Keane Wonder over in Death valley is working right along, and recently the grade of rock going through the mill has been improving.

"The cinnabar properties over back of Bare mountain are to start work again in the near future. The high grade silica obtainable in this section promises to become a factor in future shipments from Beatty.

"It has been several years since so much real work has been under way in the Amargosa valley, and the increasing activity is yielding very satisfactory results."

## AMUSEMENTS

## BUTLER THEATER

The attraction at the Butler this evening will be a Fox production, "Kreutzer Sonata," featuring two of the best known artists now before the public—Nance O'Neill and Theda Bara. This picture was shown at the Pastime theater on July 4th, but on account of there being so much going on at that time, there were comparatively few who saw it, and we have received several requests to have the picture shown again as it is considered to be one of the best. It is based on Count Leo Tolstol's famous drama. He has woven a wonderfully compelling and heart gripping story about the life of his heroine, Miriam, a young Russian girl. Through an unfortunate love affair, Miriam is threatened with disgrace. Her father induces Gregor Randor, a struggling musician, to marry her, for a money consideration, and the couple go to America where they are later followed by Miriam's family, including Celia, her sister. Her revivings and the denunciations of her father are unavailing and at last she takes vengeance into her own hands. The picture is one of the best ever shown here and the management can conscientiously recommend it. Tomorrow, "Lucky John," a Paramount feature, and Pathe Weekly.—Adv.
